

(big "kids" too!)

kids love this software

It really helps them memorize!

One CD

- All the Verses
- All the Awana Books
(Sparks through JV)
- All 3 Translations
(NIV, NKJV, KJV)

\$

the Puzzler

Turn any verse into a one-word-per piece picture puzzle. Puzzles can also be printed, cut up and used during clubs.

the Tester

Think "electronic chalkboard." Erase words and fill them back-in, until the verse is learned.

the Printer

Make flash-cards of verses for clubbers (or leaders) to memorize while on-the-go.

Clubbers MemoryMan makes memorization fun. "The Tester" is a very effective tool that makes verses stick and "The Puzzler" makes it fun. **It really does work!**

Parents Verses are arranged in the same order as the Awana book, so finding verses is easy. The intuitive, fun interface, allows any reading child to use it with little, or no assistance. MemoryMan tracks the completion of verses, making it easy for you to track your child's progress.

One copy of MemoryMan tracks the individual progress of each family member, and includes all the Awana Books (Sparks - JV) -- the whole family can use one copy.

Plus, add your own verses, or other content to memorize.

A few of the many testimonials we have received:

"I had just been talking to one of my son's leaders about the struggle S is having with memorization.....so I got a program, its great! He loves it and is thrilled with it. He is excited that he may do more than just 'squeak through' next wednesday night.....thank you!" L.F.

"...this software is too much. I am learning scripture like you would not believe" S.Z.

"Anything that will help us all memorize Scripture and is fun at the same time is well worth it! I'm asking all of my Awana Quiz teams to purchase it to practice at home starting in January" D.C.

Yesterday morning, 2 of my other daughters ... begged to play Memory Man instead of watching their favorite TV show. What a great program! Thanks! C.H.
