

MemoryMan™ ComboPak Special Church Purchase Program

Terms:

- This program allows you to purchase 10 or more copies of MemoryMan™ ComboPak on CD and return any unused / uninstalled CDs for your choice of either full credit (less your cost to ship the return items), or exchange for updated versions, including free major updates.
- You agree to either prepay for these items, or be billed (your choice, below). If you choose to be billed, you agree to pay within 60 days of receipt of your order. Payments made after 90 days, will cancel your ability to return products as outlined above.
- Items not opened / installed may be returned no sooner than 4 months after receipt of your order, and no later than 14 months after the receipt of your order. Exchanged items can be exchanged no more than 2 times per calendar year.
- To return items, fill out and return the second page of this document, titled "Return Merchandise Authorization (RMA) Form". **Do not send the RMA form at the time of your order.** This form must be returned within the timeframe as outlined above.
- If you choose not to give these copies away, you may sell these copies to members of your church and/or Awana program for any price not exceeding the single quantity price for the product as listed on our website at the time of your purchase (www.GetintheWord.com). This allows you to use the proceeds of the difference between your quantity discount and your selling price as a means to help offset your program expenses.
